Entry criteria and submission advice

CATEGORY SPECIFICS

Depot expansion, improved stops and stations, track and signalling renewals, mobile traction power supply units, refurbished fleets, a new ticketing system, staff motivational programmes? These are just some of the examples of projects recognised in this category in recent years. Projects both large and small that make a real difference to efficiencies and are crucial to both employee and passenger perception – who has made a leap forward this year?

GENERAL

- > The Global Light Rail Awards are free to enter.
- > Entry submissions are preferred in digital PDF format, although can be supplied as printed copies.
- > Please include high-resolution photographs, diagrams and graphics to support your entry where applicable.

- > Projects or initiatives (including improvements to existing systems) must have been implemented after July 2019.

- > Award entries will be accepted up to the deadline of **FRIDAY 7 AUGUST 2020**.
- > You will be informed if you've made the final shortlist.
- > The Judging Panel's decision is final and no correspondence will be entered into.
